

Duncaster is where
we play for a great cause.

12th Annual Charitable Golf Tournament

Duncaster's 12th Annual Charitable Golf Tournament took place on September 29, 2020 at Wintonbury Hills Golf Course in Bloomfield. Each year, participation in our charitable tournament supports the delivery of programs, services and educational opportunities to residents and staff, and also supplements the Community Outreach Fund which supports local not-for-profit social service organizations that do critical work to support the health and vibrancy of Bloomfield. While our event was smaller and more socially distant, the passion for our mission and the enthusiasm for golf remained. We welcomed old friends like Olsen Construction Services and Brannack Electric, and new supporters like Eagle Ridge Construction and Ziegler.

On the day of our event, the weather was with us. We began the day by welcoming golfers to the course and awarding raffle gifts to our pre-selected winners. This was followed by a boxed lunch and 18 holes of golf. The day concluded with CEO Michael O'Brien congratulating the winning foursome from Martino & Partner's Strategy Shop followed by a delicious socially distant dinner. Another exciting highlight of the day was our \$5,000 putting contest. For the first time in the history of our event we had a winner! Robert Moody took his best shot and sank it for the win. We feel tremendous gratitude for the support we received in 2020 and are optimistic that next year we will be able to return to our familiar format.
